

PERQUE REPAIR GUARD™:

TROPHORESTORATIVE INFLAMMATORY REPAIR

485,600 ORAC PROTECTION
EACH TABSULE = 12 FRUIT/VEG SERVINGS
SAFER THAN COX2 INHIBITORS

REPAIR GUARD

PERQUE REPAIR GUARD: FOR SUPERCHARGED HEALING

PERQUE Repair Guard is your solution for managing inflammation (repair deficits) and for stimulating cell repair naturally.* **Repair Guard** more effectively enhances both the body's innate immune system and the ability to repair effectively than any other anti-inflammatory or flavonoid/flavanol combination.*

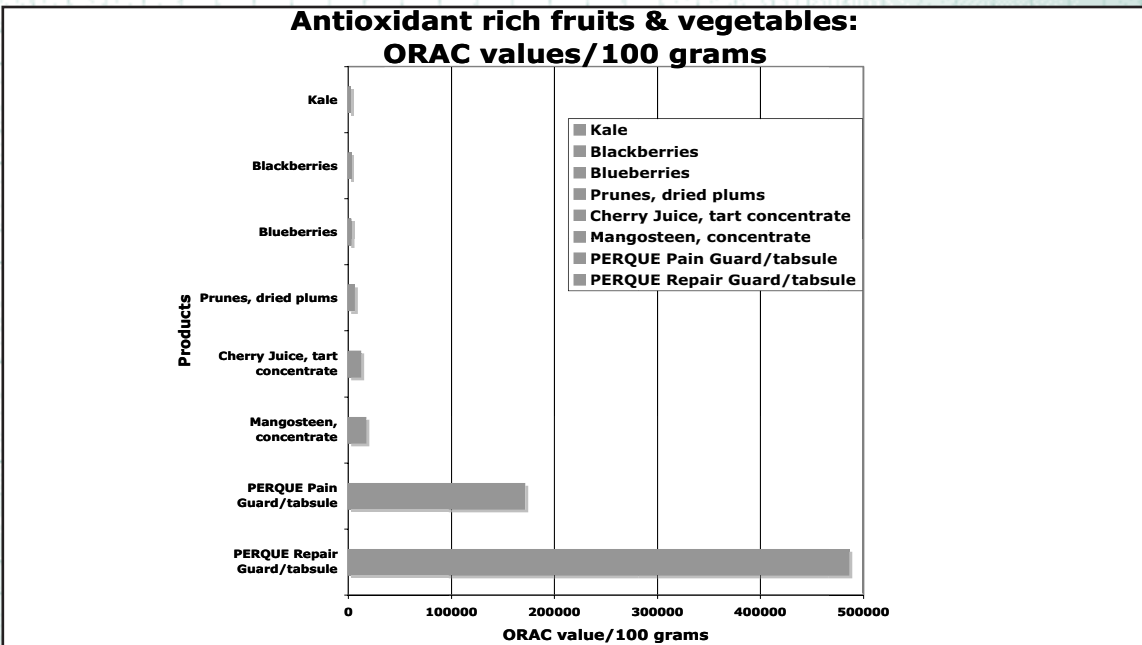

Nonsteroidal anti-inflammatory drugs (NSAIDs) such as Advil™ or ibuprofen, work by blocking or poisoning the body's cyclooxygenase system even though this enzyme catalyst is essential for the body to repair itself. NSAID side effects as reported in the *Physicians Desk Reference (PDR) 2005* include dizziness, constipation, ringing in the ears, and intestinal ulcers. From Vioxx™ to Bextra™ to Celebrex™ to any COX2 inhibitor or any NSAID, **PERQUE Repair Guard** achieves the same benefits in safer and more effective, natural ways without the heart and stroke risks recently confirmed for all COX2 inhibiting drugs.* In contrast, when healthy repair is restored and completed, a down regulation of COX2 occurs naturally.*

UNIQUE ANTIOXIDANT SYNERGIES

Each tabsule of **Repair Guard** is the 100% soluble, organic form of:

1. **Quercetin dihydrate** (1000 mg), the safest and most easily absorbed form of quercetin.* The body only assimilates about 1% of most forms of quercetin, yet it easily absorbs 100% of monomeric quercetin dihydrate.*
2. **Pomegranate juice powder** (60 mg): A potent antioxidant known for its pro-repair, anti-inflammatory, free radical trapping properties.* From the Bible to the Koran to the Gita, pomegranate juice is prized and recommended for its many health properties.
3. **OPC flavanols** (10 mg.) provides advanced cell stress protection and connective tissue (collagen and elastin) restoration.*
4. **ORAC** values refer to the Oxygen Radical Absorbance Capacity of a food which denotes its antioxidant power. With the superior antioxidant ingredients in **PERQUE Repair Guard**, when tested, it was found to have an ORAC value of 485,600 per 100 grams that is very much higher than the well-known antioxidant rich foods like mangosteen, dark cherry, and prunes. According to USDA criteria, one (1) **PERQUE Repair Guard** has the ORAC protection equal to a dozen portions of fruits and vegetables.

**Antioxidant rich fruits & vegetables:
ORAC values/100 grams**

REPAIR
PAIN
RELIEF

ONE PERQUE TABSULE PROVIDES:

Energized Nutrients

Quercetin dihydrate (water-soluble bioflavonoid) ... **1000 mg.**
Pomegranate juice powder (high ORAC) **60 mg.**
OPC (soluble LMW Activin 1294™) **10 mg.**
Magnesium (as C16 and C18 alkyls) **35 mg.**
 (from whole, untreated palm fruit and leaf)
Vegetable fiber (organic croscarmellose) **10 mg.**
Chlorophyll **100 mcg**
Turmeric **4 mcg**

Typical Dosage

Health maintenance: 1 tabsule daily
Acute inflammation: 2-4 tabsules daily
Chronic or persisting inflammation: 4-12 tabsules daily

Available in bottles of 90 and 180 tabsules.

POTENT PROTECTION

The colorful pigments in plants protect them from free-radical damage, among other functions. Lower rates of autoimmune, heart, vascular as well as cancer are typically found in populations that consume higher levels of flavonoids and flavanols.*

QUERCETIN DIHYDRATE: VENERABLE HEALING

Quercetin dihydrate is a yellow-green flavonoid from the sacred Saphora Japonica tree that, in its soluble, monomeric, low molecular weight form, helps reduce allergic and inflammatory responses by promoting repair and stabilizing delicate cell membranes.* Research confirms anti-viral and antioxidant benefits from the form uniquely used in **PERQUE Repair Guard**.*

POMEGRANATE JUICE: SACRED HEALER

Pomegranate fruit (*Punica granatum*) possesses the following properties:

1. Phenomenal antioxidant and anti-inflammatory results,
2. Strong bacteriostatic effects,
3. Prostate health promotion,
4. Cancer risk reduction.*

Pomegranate juice contains polyphenols, tannins and anthocyanins that have anti-atherosclerotic properties.* The new **PERQUE Repair Guard** uses the purest pomegranate juice

powder to ensure that these benefits are packed into the product.

OPCS: NATURE'S MIRACLES

Orthoproanthocyanidins are known collectively as OPCs. **PERQUE Repair Guard's** OPCs can be absorbed into cell membranes, protecting against both fat- and water-soluble free radicals.* OPCs are also able to cross the blood-brain barrier and protect the brain against oxidative stress and free-radical damage.*

Because OPCs are so diverse, they deliver synergistic antioxidant benefits with vitamins C or E.* In addition, OPCs quench the free radicals involved in inflammation and allergies. They also enhance the effectiveness of the body's natural killer cells and boost the body's natural anti-cancer defenses.*

THE PERQUE GUARANTEE

Like every other **PERQUE** product, **Repair Guard** comes with a 100%, unconditional, money-back guarantee—the strongest guarantee in the natural health industry. This unique guarantee provides the assurance that:

- Every **PERQUE** product provides 100% potency and activity for its entire shelf life.
- Every ingredient used in a **PERQUE** product is pharmaceutical-grade or better.
- Full label disclosure is provided for all **PERQUE** products—no hidden ingredients.
- Every **PERQUE** product is activated with the same transporters that are used by nature and in food, to ensure full bioavailability. The biologically preferred form of an ingredient is always used for enhanced activity.
- Free of citrus, MSG, wheat/gluten, com/zein/starch, dairy/casein/whey/milk derivatives, sulfate, yeast, soy, phosphates (other than coenzymes), and preservatives.
- No genetically modified organisms (GMOs).
- 100% vegetarian formula.
- Unique post-production assays and clinical bioassays assure product integrity.

YOUR QUALITY ASSURANCE

Every **PERQUE** product is produced following or exceeding the FDA's pharmaceutical GMP (good manufacturing practices) regulations.
